

CAN Community Health: Mobilizing Arizona

Alyson Shirley, Program Specialist II
Hawa Osman, Program Manager AZ
Grace Ashu, Regional Director AZ

The mission of CAN Community Health is to provide a continuum of medical, social, and education services essential to the health and well-being of those living with HIV/AIDS, Hepatitis C, sexually transmitted diseases, and other diseases in order to enhance public awareness.

Vision

To serve humanity as the leading resource
for education, prevention, and quality care

Guiding Principles

COMMUNICATE Share knowledge and collaborate with others

ADVOCATE Champion a fair and equitable environment for our peers, employees, patients, and society

RESEARCH & INNOVATE Identify and investigate creative ways to deliver healthcare

EXECUTE Deliver timely and effective solutions

SUSTAIN Strengthen our commitment to our mission, through our staff, culture, community, and economic responsibility

Home Test Kits and Educational Sessions and Materials

Distribution of HIV Home Test
Kits & Information to Community
Partners such as:

- Navajo Nation Infectious
Disease Program

What's Next?

We want to expand our network and create more collaboration opportunities.

How can we work together to bridge the gaps and ensure the community has the services and resources it needs?
