

# CDC Data Update

**Dr. Irene Hall**

**Acting Division Director,  
Division of HIV/AIDS Prevention, CDC**

**December 2, 2020**

**PACHA**

 **Ending  
the  
HIV  
Epidemic**

# EHE Progress at CDC

local health departments that represent the 57 EHE jurisdictions. Communities will use the funding to implement innovative HIV diagnosis, treatment, prevention, and response strategies.

**August 2020** | CDC awards \$2 million EHE supplemental capacity-building assistance funds to 4 regional technical assistance providers to provide technical assistance on community engagement.

**August 2020** | CDC awards \$4 million from HHS Minority HIV/AIDS Funds to eight regional and two national training centers – The National STD Prevention Training Centers Coordination Center – to provide technical assistance to scale up HIV prevention services, like PrEP and PEP provision, in STD specialty clinics.

# EHE Progress at CDC

**October 2020** | CDC hires and sends seven additional Public Health Field Assignees to EHE jurisdictions across the country to increase the HIV workforce capacity of health departments in these areas.

**September 2020** | CDC awards \$2 million from HHS Minority HIV/AIDS Funds for mass mailing HIV self-tests to transgender women and to racial/ethnic minority communities.

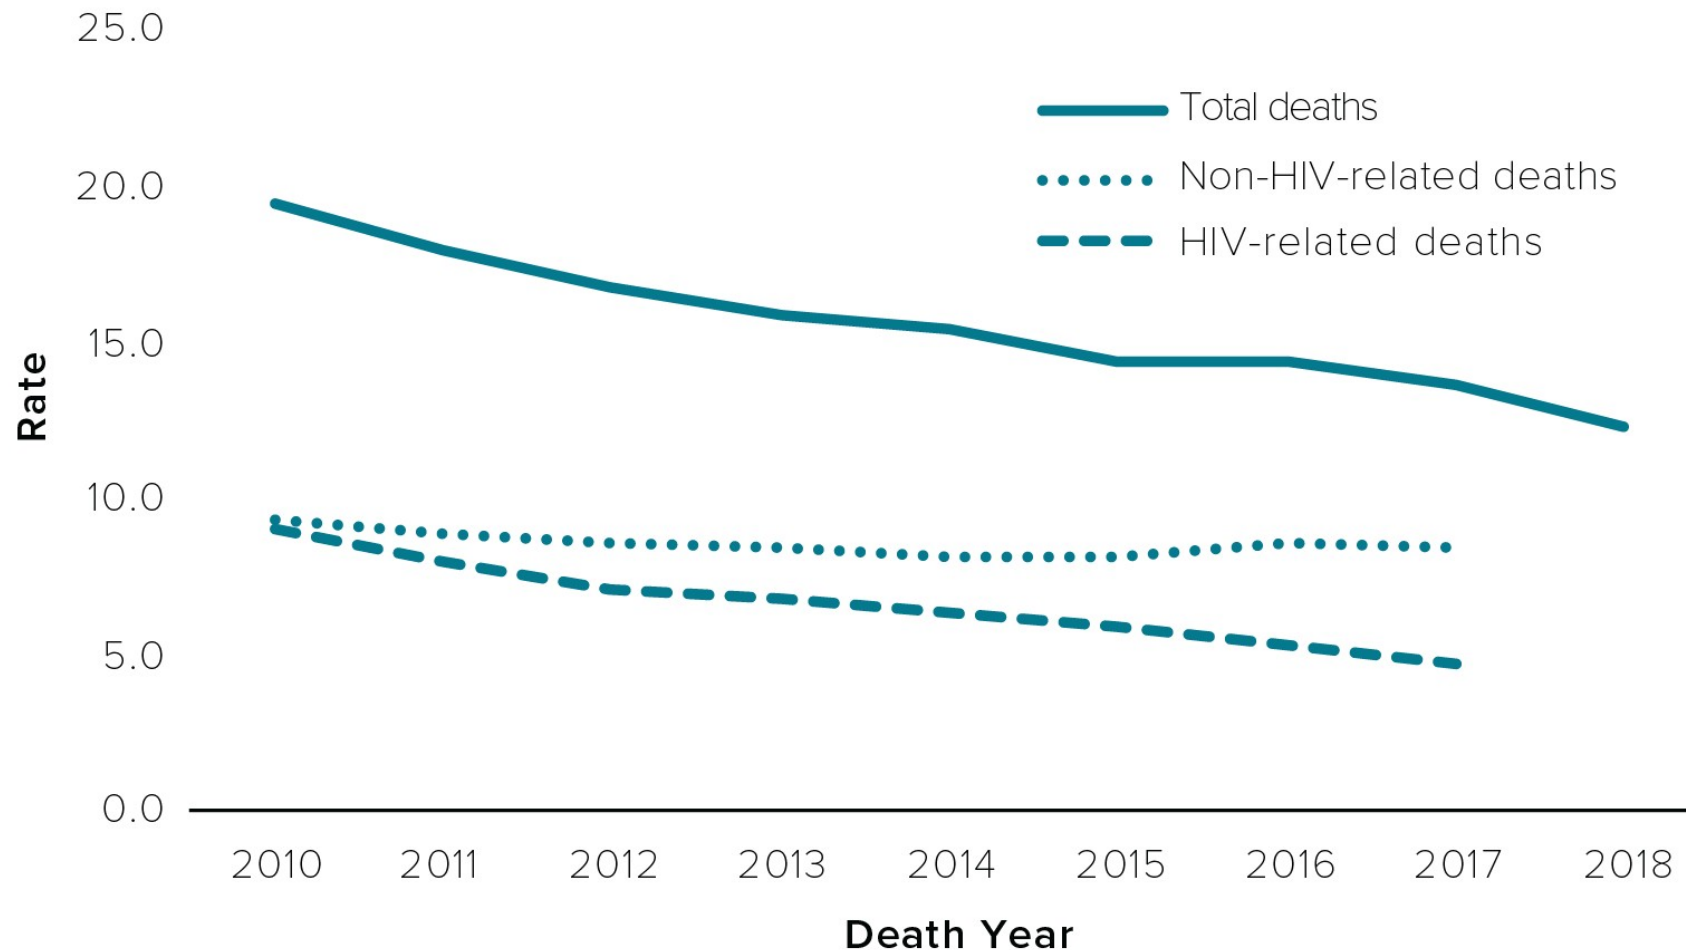

**December 2020** | EHE jurisdictions will submit revised jurisdictional plans by Dec 31st.

## Decreasing Deaths Among People with HIV

# HIV-related Deaths are Preventable but Persist

\* Age-adjusted rates per 1,000 people with HIV were calculated using the US 2000 standard population.

**15,500**

Around 15,500 people with HIV died from any cause in 2018.

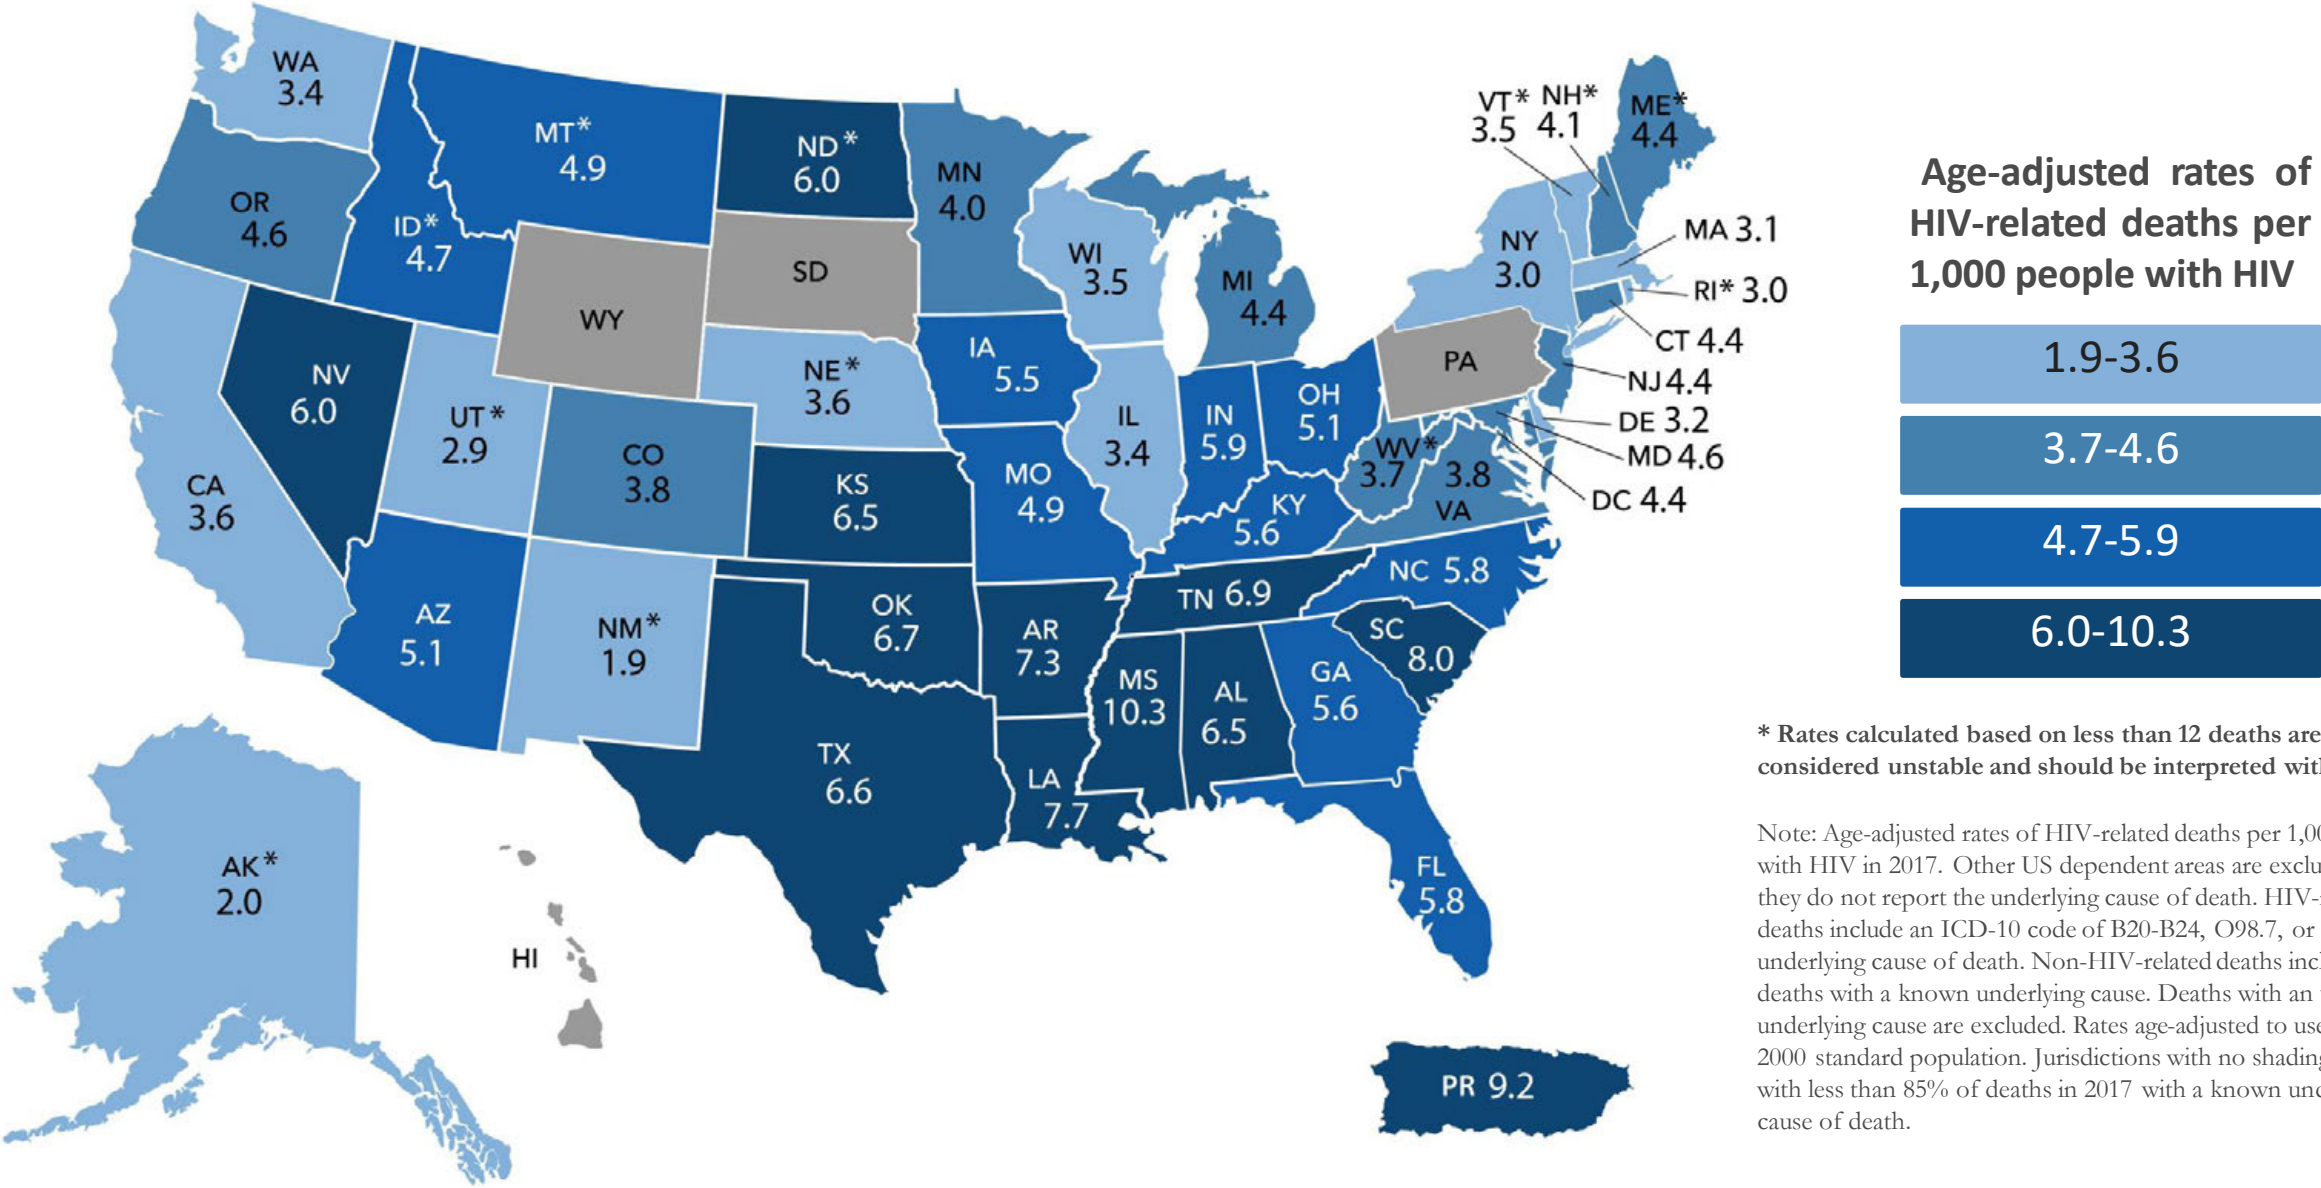

**1 in 3**

About 1 in 3 deaths among people with HIV were due to HIV-related causes in 2017.

**↓ 37%**

Death rates\* among people with HIV decreased by about 37% from 2010 to 2018.

# Rates of HIV-related deaths were highest in the South

# Racial and ethnic differences in HIV-related deaths continue

ABOUT  
**7 OUT OF  
1,000**

PEOPLE OF MULTIPLE RACES WITH HIV  
DIED FROM HIV-RELATED CAUSES.

ABOUT  
**6 OUT OF  
1,000**

BLACK/AFRICAN AMERICAN PEOPLE WITH HIV  
DIED FROM HIV-RELATED CAUSES.

ABOUT  
**4 OUT OF  
1,000**

HISPANIC/LATINO PEOPLE WITH HIV  
DIED FROM HIV-RELATED CAUSES.

ABOUT  
**4 OUT OF  
1,000**

WHITE PEOPLE WITH HIV  
DIED FROM HIV-RELATED CAUSES.

ABOUT  
**3 OUT OF  
1,000**

AMERICAN INDIAN/ALASKA NATIVE PEOPLE WITH HIV  
DIED FROM HIV-RELATED CAUSES.

Note: Age-adjusted rates of HIV-related deaths per 1,000 people with HIV in 2017. Native Hawaiian or Other Pacific Islander and Asian people are excluded because less than 85% of deaths in 2017 had a known underlying cause of death. Rates calculated for American Indian/Alaska Native people are based on less than 12 deaths; these rates are considered unstable should be interpreted with caution.

## October AHEAD update & COVID Delays

# Diagnoses

Diagnoses is one of the six EHE indicators. Diagnoses is the number of people with HIV infection diagnosed in a given year confirmed by laboratory or clinical evidence.

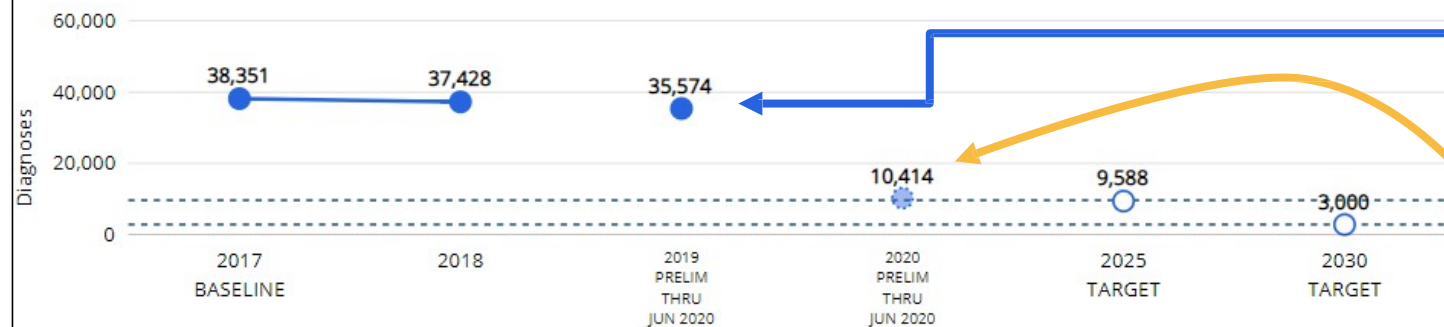

## National

AHEAD displays national **Diagnoses** for 2017 baseline data, progress data, and 2025 and 2030 targets.

The goal is to decrease the number of people with HIV infection diagnosed in a given year by the target year.

### Overall

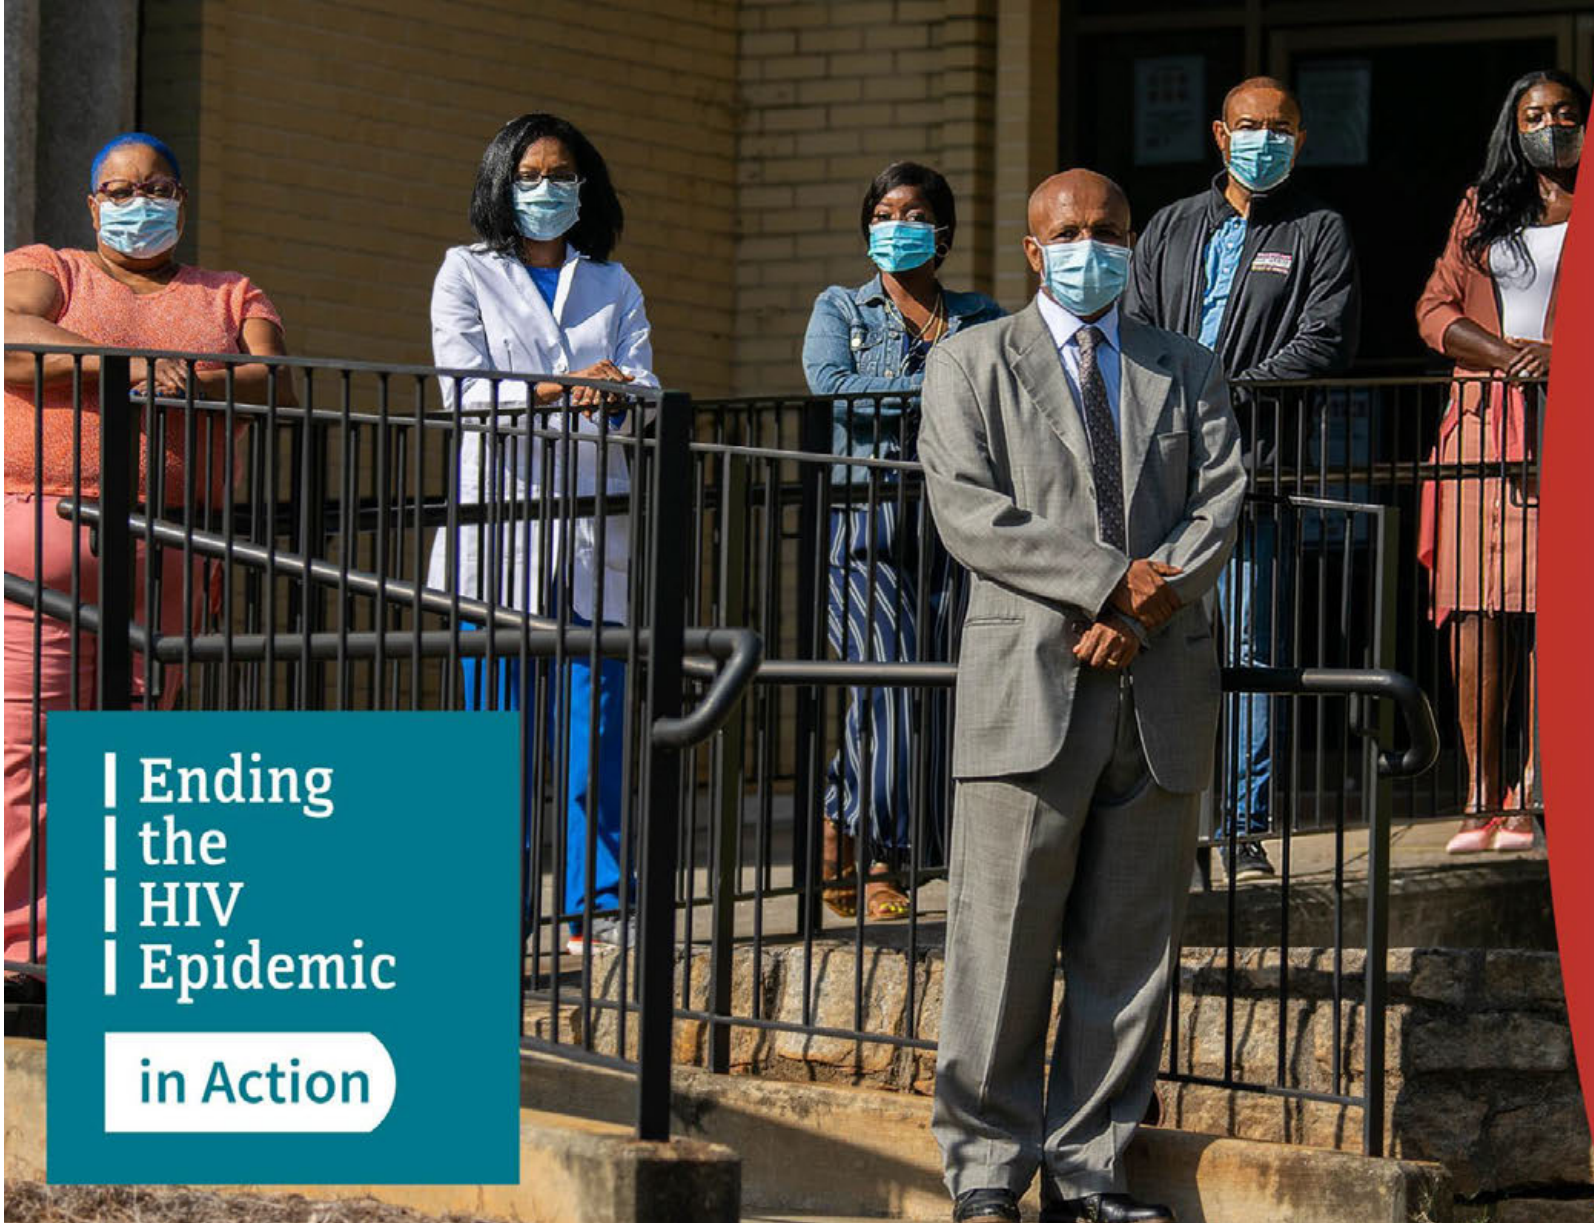

Preliminary **2019** HIV diagnoses data reported by June 30, 2020 = 35,574

Preliminary **Q1& Q2 2020** HIV diagnoses data reported by June 30, 2020 = 10,414

EHE in Action

# Preventing HIV - One Conversation at a Time

| Ending  
| the  
| HIV  
| Epidemic

in Action

“Our team has long wanted to offer PrEP to the community. EHE funding was the engine we needed to set the program in motion.”

— **DR. SENTAYEHU BEDANE**  
COUNTYWIDE SERVICES  
MANAGER, DEKALB COUNTY  
BOARD OF HEALTH

# Prioritizing Community Engagement

# Commitment to Meaningful Community Engagement

- Provided community engagement **planning guidance**\*
- **Required documentation** of engagement sessions and **new partners** for the planning process
- Funded Capacity Building grantees to convene Regional **Community Engagement Town Hall Virtual Sessions**
- Required jurisdictions to **allocate at least 25%** of the total CDC implementation funds to support EHE activities by **community organizations**.

Community engagement is essential to EHE -  
CDC is working to position jurisdictions for success.
