SAMHSA’s Role in Ending the HIV Epidemic

Michael King, PhD, MSW
Regional Administrator
Substance Abuse and Mental Health Services Administration
U.S. Department of Health and Human Services
“Reducing the impact of substance abuse and mental illness on America’s communities”
About SAMHSA

- Office of the Assistant Secretary
  - National Mental Health and Substance Use Policy Laboratory
  - Office of the Chief Medical Officer
  - Office of Tribal Affairs Policy
  - PEPFAR

General organization:
- CSAT: Center for Substance Abuse Treatment
- CSAP: Center for Substance Abuse Prevention
- CMHS: Center for Mental Health Services
- CBHSQ: Center for Behavioral Health Statistics and Quality
SAMHSA makes grant funds available through the Center for Substance Abuse Prevention, the Center for Substance Abuse Treatment, and the Center for Mental Health Services. Find funding opportunities that support programs for substance use disorders and mental illness, and learn about the grant application, review, and management process.

**Note:** A significant change has been made to the registration process for the System for Award Management (SAM). Please refer to the FAQs on the SAM website.

**FY 2019 Grant Announcements**

SAMHSA announces grant funding opportunities through Funding Opportunity Announcements (FOAs). Each FOA contains all the information you need to apply for a grant. To apply for a SAMHSA grant, you must register on [Grants.gov](https://www.samhsa.gov/grants).

- View all Fiscal Year (FY) 2019 Grant Announcements

SAMHSA’s Ending the HIV Epidemic goals address strategic gaps

Through **TTC network**, we provide **training and technical assistance to healthcare providers** with a goal of improving screening, assessment, and treatment of HIV and mental and substance use disorders.

To assist **PEPFAR** countries with **building mental and substance use disorder treatment programs** with the goal of reducing risk for and spread of HIV.

To provide prevention interventions to those at risk through **HIV testing + pre/post-test counseling and education**.

To assure that all identified with HIV infection or at very high risk and in need of prophylaxis get the appropriate **referrals** to healthcare resources with ongoing care coordination.

To reduce risk and improve adherence through **mental and substance use disorder treatment** for those at risk for HIV or living with HIV.

CSAT supports 3 TCE-HIV Programs

  - MAT Language: [http://www.samhsa.gov/recovery](http://www.samhsa.gov/recovery)

SAMHSA TCE-HIV grants are supporting clients with an opioid use disorder (OUD) by ensuring that individuals have access to Medication Assisted Treatment (MAT)

- **MAT** is an evidence-based SUD treatment therapy. SAMHSA supports the right of individuals with an opioid or alcohol use disorder to be given access to MAT as appropriate under the care of a physician.

- Recognizing that MAT may be an important part of a comprehensive SUD treatment plan, SAMHSA grantees may use **up to five percent** of the annual cooperate agreement award to pay for **FDA-approved medications for the treatment of SUDs** (e.g., methadone, buprenorphine products including buprenorphine/naloxone combination formulations and buprenorphine mono-product formulations, naltrexone products including extended-release and oral formulations, disulfiram, and acamprosate calcium) **as part of a comprehensive treatment plan** when the client has no other source of funds to do so.
Provider’s Clinical Support System helps with MAT and safe prescribing

The Substance Abuse and HIV Prevention Navigator Program for Racial/Ethnic Minorities Ages 13-24

Short Title: Prevention Navigator

Initial Announcement

Funding Opportunity Announcement (FOA) Information

FOA Number: SP-20-001

Posted on Grants.gov: Monday, October 28, 2019

Application Due Date: Friday, December 27, 2019

Catalog of Federal Domestic Assistance (CFDA) Number: 93.243

Intergovernmental Review (E.O. 12372):

Applicants must comply with E.O. 12372 if their state(s) participates. Review process recommendations from the State Single Point of Contact (SPOC) are due no later than 60 days after application deadline.

Public Health System Impact Statement (PHSIS) / Single State Agency Coordination:

Applicants must send the PHSIS to appropriate State and local health agencies by application deadline. Comments from Single State Agency are due no later than 60 days after application deadline.

Description

The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Prevention (CSAP), is accepting applications for fiscal year (FY) 2020 for the Substance Abuse and HIV Prevention Navigator Program for Racial/Ethnic Minorities (Short Title: Prevention Navigator). The purpose of this program is to provide services to those at highest risk for HIV and substance use disorders. The program proposes to use a navigation approach (Community Health Workers, Neighborhood Navigators, and Peer Support Specialists) to expedite services for these populations. The program will provide training and education around the risks of substance misuse, provide education on HIV/AIDS, and provide needed linkages to service provision for individuals with HIV.
Promoting Integration of Primary and Behavioral Health Care

Short Title: PIPBHC

Initial Announcement

Funding Opportunity Announcement (FOA) Information

FOA Number: SM-20-003

Posted on Grants.gov: Friday, October 11, 2019

Application Due Date: Tuesday, December 10, 2019

Catalog of Federal Domestic Assistance (CFDA) Number: 93.243

Intergovernmental Review (E.O. 12372):

Applicants must comply with E.O. 12372 if their state(s) participates. Review process recommendations from the State Single Point of Contact (SPOC) are due no later than 60 days after application deadline.

Public Health System Impact Statement (PHSIS) / Single State Agency Coordination:

Applicants must send the PHSIS to appropriate State and local health agencies by application deadline. Comments from Single State Agency are due no later than 60 days after application deadline.

Description

The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Mental Health Services (CMHS), is accepting applications for fiscal year (FY) 2020 Promoting Integration of Primary and Behavioral Health Care (Short Title: PIPBHC) grants. The purpose of this program is to: (1) promote full integration and collaboration in clinical practice between primary and behavioral healthcare; (2) support the improvement of integrated care models for primary care and behavioral health care to improve the overall wellness and physical health status of adults with a serious mental illness (SMI) or children with a serious emotional disturbance (SED); and (3) promote and offer integrated care services related to screening, diagnosis, prevention, and treatment of mental and substance use disorders, and co-occurring physical health conditions and chronic diseases.
SAMHSA has broad impact on HIV care

SAMHSA: TCE-HIV and MAI Grants (CSAT): MSI CBO and CBI grants (CSAP); Rapid Testing, Prevention And Linkage to Care

SAMHSA: MAI Continuum of Care-Integration of HIV Medical Care into Behavioral Health Programs (CSAP, CSAT, CMHS)

HIV CARE CONTINUUM:

THE SERIES OF STEPS A PERSON WITH HIV TAKES FROM INITIAL DIAGNOSIS THROUGH THEIR SUCCESSFUL TREATMENT WITH HIV MEDICATION

- Diagnosed with HIV
- Linked to care
- Engaged or retained in care
- Prescribed antiretroviral therapy
- Achieved viral suppression
SAMHSA remains a committed partner to End the HIV Epidemic

“I urge the public health and substance abuse treatment communities to focus on the synergistic epidemics of substance use disorder, human immunodeficiency virus (HIV) and viral hepatitis. To protect the health of our nation, we must leverage every available resource to prevent, detect, and treat these frequently co-occurring conditions.”

—Elinore F. McCance-Katz, M.D., Ph.D., Assistant Secretary for Mental Health and Substance Use, U.S. Department of Health and Human Services
